My name is Jody William Baxmeyer, and I've been behind a microphone since the late 80's.

Now based in the U.S., I narrate and read for directors around the globe from my private source network-connected recording studio that uses top-of-the-line equipment like Neumann mics and Universal Audio ADDA/pre-amps/amplifiers.

"He is clearly a distinguished artist who possesses extraordinary ability and is at the very peak of his profession. We greatly appreciate the top-caliber performance that he brought to this award-winning project."

- Reinhardt Beetz-CEO & Executive Producer - Beetz Brothers Film Productions -
"Viking Women"; World Silver Medal New York Festivals 2015.
